DELIMITATION COMMISSION, INDIA

NOTIFICATION

New Delhi, the 10th March 1975

S. O. 131 (E).— In pursuance of clause (a) of sub-section (2) of section 9 of the Delimitation Act, 1972 (76 of 1972), the Delimitation Commission hereby publishes its proposals for the delimitation of parliamentary and assembly constituencies in the State of Punjab together with the dissenting proposals of the Associate Members, and specifies 31 March, 1975, as the date on or after which the proposals will be further considered by it.

Any objections or suggestions in regard to these proposals should reach the Secretary Delimitation Commission "Nirvechan Sadan" Aslak Road, New Delhi (PIN—110001), before the said date.

PROPOSALS

(1) The territorial constituencies into which the State of Punjab shall be divided for the purpose of elections to (a) Legislative Assembly of the State and (b) the House of the people and the extent of each constituency and constituencies which are reserved for the Scheduled Castes, shall be as shown in the Table A and Table B, respectively; and

(2) Where the name of a constituency as shown in Table A or Table B is distinguished by the brackets and letters "(SC)", the seat in that constituency is reserved for the Scheduled Castes.

TABLE A

DISSENTING PROPOSALS

I

1. DISTRICT GURDASPUR

Constituencies No. 1 to 11

The constituencies in this district are proposed to be modified as in the enclosed statement. This is being suggested for the following reasons:—

- (i) This district is situated on the international boundary. The border areas with Pakistan are proposed to be so adjusted while forming the constituencies so that as much area of the border is put together in a constituency as possible. With this in view, it is proposed to carve out a border constituency namely Dhianpur, comprising of border areas of Batala and Gurdaspur Tahsils. This will have impact on all the other constituencies in Batala Tahsil and adjoining constituencies in Gurdaspur tahsil.
- (ii) The Qadian Constituency as proposed by the Commission runs on 3 sides of the proposed Batala Constituency. The modifications now proposed will make the shape of the new two constituencies viz. Batala and Fatehgarh more compact.
- (iii) Dhar area has always been tagged with Pathankot City in the past, while formulating constituencies, but this time this has been separated from the town. The Dhar area is connected with Pathankot City intimately. Its development depends entirely on close contacts with the city.

II AMRITSAR DISTRICT

Amendment suggested to the Proposed Valtoha and Proposed Patti constituencies of Amritsar District

To make these constituencies geographically compact it is suggested as attached. It will affect the population but will make them geographically compact.

Punjab Assembly Valtoha (Amritsar)

<i>Take out</i>			<i>Add</i>

Delimitation Commission.

III

Composition of assembly constituencies in Amritsar District

With reference to your letter No. 282/PB/75/101 dated 6-1-1975 regarding delimitation of parliamentary and assembly constituencies in the State of Punjab, I have the honour to give below my dissenting proposals in respect of assembly constituencies Nos. 16, 17, 18 and 19 of Amritsar district.

1. In proposed delimitations while the total seats have been increased by 13, Amritsar City's representation has been reduced by enlarging areas of existing constituencies and adding rural areas in two constituencies. The population of Amritsar City, Cantonment, Chheharta and other suburban areas comes to about 457, 688 and four urban constituencies should be made without adding any rural areas which should be as follows:—

2. CONSTITUENCY-WISE:

AMRITSAR CITY (North).—In the proposed delimitation proposals certain rural and sub-urban areas have been included. It is a purely urban constituency and inclusion of rural areas will adversely affect the interest of both ruralities as well as unwieldy to make it a compact and more acceptable the following change should be made:—

Ward No. 6 and P.C. 45 should be excluded and wards Nos. 25 and 32 be included. The total population after this change will be 114,120.

Details are given below:—

Commission's Draft proposal

Wards No.	
1	7768
2	8403
3	7098
4	5729
5	8889
6	6805
26	8613
27	6931
31	9802
33	11098
34	9456
34A	12262
(In Amritsar Municipality and in P.C. 45	
P.C. (Tung Tien /in Amritsar K. C. in Amritsar	
Tehsil)	

Suggested change

Wards No.	
1	7768
2	8403
3	7098
4	5729
5	8889
25	7885
26	8613
27	6931
31	9802
32	10185
33	11098
34	9456
34A	12262

TOTAL

118,619

114,120

3. AMRITSAR WEST No. 17.

At present and even according to the draft proposals, Amritsar West is a mixed constituency, half urban and half rural. Some far flung rural areas should be excluded and suburban and rural areas near Amritsar should be included in this constituency, which will be more compact, without affecting its representative character. For that Ward No. 32 and P.Cs. 42, 43, 44 should be excluded and Ward Nos. 38, 38A and P.C. 45 (excluding the areas H.B. 371 and 372) be increased.

*Commission's Draft Proposal**Suggested Changes*

Ward No. 29	12,603	Ward No. 29	12,603
30	12,591	30	12,591
32	10,185	38	10,224
40	10,374	38A	13,109
41	11,530	40	10,374
(In Amritsar Municipality and P.C. 42)	11,042	41	11,530
(Wadali Guru) P.C. 43	28,527	Central Jail :	1,226
(Kala Ghanupind) P.C. No. 44	4,464	Chhehrata	19,584
P.C. No. 49-52 in Amritsar K.C. in Amritsar Tehsil	13,305	Amritsar Cantt. Suburban	3,224
		Area 49-52	9,240
		P.C. 45	12,053
		(excluding H.B. No. 371 Tung Thian H.B. No. 372 Tung Pai).	
	<u>114,622</u>		<u>116,027</u>

AMRITSAR CENTRAL No. 18

From this constituency Ward No. 8, 9, 10, 11, 12 and 25 should be taken and Ward Nos. 16, 17, 18, 18A should be added. This change will make the constituency geographically more compact.

*Commission Draft Proposal**Suggested Change*

V

JULLUNDUR DISTRICT

Delimitation of constituencies in Jullundur District

With reference to your letter No. 282/PB/75/101) dated 6-1-1975.

I enclose a Proforma showing revised demarcation of the following constituencies in Jullundur District.

1. 30-Jullundur North
2. 31-Jullundur Central
3. 32-Jullundur South (Scheduled Castes)

The changes suggested in these constituencies are intended to bring about geographical contiguity and greater compactness in the social, cultural and economic composition of the population in each of the above mentioned constituencies. This gives a fair chance to all section of the population to get better representation in the Assembly.

SUGGESTIONS FOR CHANGE IN ELECTION COMMISSION DRAFT PROPOSALS FOR DELIMITATION OF CONSTITUENCIES IN JULLUNDUR DISTRICT

The following amendments are proposed in Jullundur North, Central and South constituencies:—

VI JULLUNDUR DISTRICT (CITY CONSTITUENCIES)

The present three constituencies of Jullundur city are neither balanced nor demarcated by clear-cut lines. All these three constituencies need modifications which is suggested as below :—

		Total	SC
30-Jullundur North	Ward No.		
	1 + 1A	19,756	9,566
	2	7,170	1,102
	3	6,855	1,751
	4	6,476	27
	5	9,926	995
	6	6,715	72
	7	6,700	670
	7A	10,157	4,311
	12	6,974	33
	13	7,507	11
	14	5,769	—
	15	7,199	931
	20	6,302	439
	21	6,318	43
		113,824	18,951
31-Jullundur Central			
	16	6,540	28
	17	6,840	37
	18	6,206	1,611
	19	6,751	337
	22	7,277	549
	23	9,563	2,392
	24	9,057	138
	25	7,619	2,328
	25A	5,606	3,556
	26	5,614	689
	27	6,832	506
	28	6,299	882
	29	10,222	6,862
	30	9,886	355
	34	8,210	4,558
		117,500	24,823

32-Jullundur South (SC)	8	6,268	1,059
	8A	9,056	3,095
	9	6,627	254
	10	7,973	942
	11	6,441	57
	31	10,602	794
	32	7,399	72
	32A	9,753	8,102
	33	5,963	2,430
P.C.	52-Partap Pura	2,944	1,611
	53-Tajpur	2,598	1,761
	54-Kallian Pur	2,790	1,211
	55-Malke	2,753	1,421
	56-Khambra	4,349	2,777
	57-Kingra	3,218	2,416
	58-Wadala (Basti Danishmandan)	1,184	977
	59-Basti Sheikh in Jullundur KC	1,029	929
	and PCs		
	76-Garha Vehandan	11,243	6,480
	77-Pholriwala	2,890	654
	78-Bhawal	2,547	1,561
	79-Udhampur	1,996	1,177
	80-Khun Khun	694	382
in Jamsheer KC.			
in Jullundur tahsil.			
		111,517	41,062

If these constituencies are demarcated according to these proposals, they would form:

- (i) contiguous area;
- (ii) with well demarcated boundary ; and
- (iii) a balanced population.

RAGHUNANDAN LAL BHATIA, M.P.
MOHINDER SINGH GILL, M.P.
DEVINDER SINGH GARCHA, M.P.
SADHU RAM, M.P.
HARCHARAN SINGH, M.L.A.
UMRAO SINGH, M.L.A.
JOGINDER PAL PANDEY, M.L.A.
Associate Members,
Delimitation Commission.

VII

I have just seen a list of Jullundur district regarding assembly constituencies, i.e., Jullundur South (SC) and Kartarpur (SC). I find that Patwar Circles No. 54 Kallian Pura and 55 Malko have been shown as part of the Jullundur South (SC) constituency. My suggestion is that these two patwar circles should be excluded from Jullundur South (SC) constituency and included in the Kartarpur (SC) constituency and similarly Patwar Circles 50 Chitti and 51 Sangha be excluded from the Kartarpur (SC) constituency and included in the Jullundur (South) SC constituency. By so doing, the area of both these constituencies will become compact and more contiguous.

CHANDIGARH
JANUARY 22, 1975

HARCHARAN SINGH, M.L.A.
Associate Member,
Delimitation Commission.

VIII

35-NAKODAR (JULLUNDUR)

In the present draft proposal the following amendment is proposed as these Patwar Circles are contiguous.

	Population	(SC)
P.Cs. 36, 37, 40, 41 and 42 of K.C. Nurmahal be excluded	12,682	4,612
P.Cs. 8, 9, 10, 13, 34 and 35 of K.C. Nurmahal be included.	12,581	4,55

N.B.: This is change between Narkodar and Nurmahal constituencies.

B. S. BHATURA, M.P.
Associate Member,
Delimitation Commission.
18-2-1975

IX

NURMAHAL CONSTITUENCY

The name of the constituency be changed to 'Bilga constituency' because Bilga Kanugoi in full is included in the proposed constituency whereas Nurmahal Kanugoi is divided into Nurmahal constituency and Nakodar constituency.

To make the constituency more compact the Patwar Circles of Bundala

No. 36, 37	with population	5,085
Pandori Mushar No. 38	" "	1,916
Dhanipind No. 39	" "	3,209
Sirhali No. 41	" "	2,402
and Dhesian Kahna	" "	2,948
		<hr/> 15,550

be included in the Nurmahal constituency and the Patwar Circles of:

Chuheki	No. 8 with population of	1,221
Beth	No. 9 with population of	2,515
Nurmahal	No. 11 with Population of	8,135
and Uppal Khalsa	No. 15	2,213
		<hr/> 14,084

be included in Nakodar constituency

PARKASH SINGH BADAL, M.L.A.
Associate Member
Delimitation Commission.

X

KAPURTHALA DISTRICT

Proposal for delimitation of constituencies in Kapurthala district (Punjab)

The proposed constituencies of Kapurthala district except Phagwara do not conform to clause No. 9 (a) of the Delimitation Act 1972 as due regard has not been given to the Physical features, facilities of communications, and administrative and public convenience.

The proposed Bholath constituency has been carved out on one corner of the district in disregard to the above requirements. Bholath is a small village of no importance. All important offices are located at Kapurthala which is also a Sub-Divisional Headquarters. People of the area have to go to Kapurthala, the only nearest town for all type of governmental and commercial activities. Moreover, in the proposed constituency the communication facilities are inadequate and all roads only lead to Kapurthala. Even the proposed Bholath constituency ends in the close proximity of Kapurthala. In order to fulfil the requirement of Section 9(a) with certain amendments this Bholath constituency can be easily re-named as Kapurthala East.

The attached table enumerating the area and population of the three constituencies, *viz.* Sultanpur, Kapurthala (West) and Kapurthala (East) is sent herewith for acceptance and publication in the Gazette.

PARKASH SINGH BADAL, M.L.A.
Associate Member,
Delimitation Commission.

XI

HOSHIARPUR DISTRICT

Note on the proposed delimitation of the Garshankar General and Mahilpur Reserve Constituencies in Hoshiarpur District (Map attached) Punjab.

These two constituencies cover Garshankar Tehsil which is composed of two distinct geographical areas—the sub-montaneous area bordering on Kangra District of Himachal Pradesh and the plain area bordering on Jullundur District. The rough dividing line between the two areas as accepted by the State Government is the Balachaur-Hoshiarpur road which passes in the middle of it. Earlier the Garshankar General Constituency covered the entire Hill and sub-montaneous area and small part of the plain of the Tehsil. Mahilpur Reserve covered the main portion of the plain of Garshankar and Hoshiarpur Tehsils.

Now in the new alignment proposed by the Election Commission a good part of the sub-montaneous area which was earlier in the Garshankar General Constituency (P. C.'s 24, 26, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40 of the Mahilpur K.C. and P.C.'s 34, 40, 44 and 46 of the Tutumazara K. C.) have been transferred to the proposed Mahilpur Reserve Constituency.

In the proposed new set up now Mahilpur Reserve Constituency is covered partly by the plain area and also by a substantial part of the sub-montaneous area. In Garshankar General while a good part would be Hill and sub-montaneous area, yet there would be some plain areas as well, such as P.C.'s 51, 52, 69, 70 of the Tutumazara K.C. and P. C.'s 71, 72, 73, 75, 77, 78 of the Garshankar, K.C.

The social and economic set up of the two areas and the problems faced by the people are different. Vast track in sub-montaneous area has almost no irrigation facilities. The soil is very poor. It is almost untouched by the green revolution. Hence the living standards of the people are much lower than the plain area. Compared to this the plain area is prosperous. It has good soil and assured irrigation. In the sub-montaneous area roads and transport facilities are terribly lacking. There is no such problem in the plain area. The plain area is one of the most advanced in the State in the field of education. Educational facilities in the sub-montaneous area are considerably lacking. Same applies to the medical facilities.

It was in view of this situation that the state Govt. decided to pay special attention to the development of the sub-montaneous area, that is the area east of the Balachaur Garshankar-Hoshiarpur-Dasuya-Mukarian Road dividing the Hoshiarpur District. It also constituted a special sub-montaneous Area's Development Advisory Council to expedite the development of the area.

Wherever the sub-montaneous areas are vivisected and parts attached to constituency with the plain areas then generally there is a tendency on the part of the legislators to ignore the backward areas and mainly cater to the needs of the more strong and vocal people of the plains. Hence it is due to this that in Hoshiarpur the people of the sub-montaneous areas have again and again demanded that the constituencies in these areas be so demarcated that the sub-montaneous areas are constituted into separate seats.

In the proposal for Hoshiarpur the Election Commission has generally followed the principle. Such proposed constituencies as Tanda and Sham Churasi are totally in the plain area; Balachaur, Hoshiarpur, Gardhiwala, Mukarian lie mostly in the sub-montaneous tract. However, Mahilpur and Garshankar have been made into mixed constituencies, with Mahilpur being roughly 60% plain area and 40% sub-montaneous area and Garshankar 70% sub-montaneous and 30% plain area.

(I) This situation is not in the best interest of either the people of the area or the legislators who would represent them. It is, therefore, proposed that the entire sub-montaneous area east of the main road that is P. C.'s 24, 32, 33, 34, 35, 36, 37, 39 and 40 of the Mahilpur K.C., P. C.'s 38, 41, 44 and 46 of the Tutumazara K. C. be shifted to the Garshankar General Constituency and in lieu of that P. C.'s 51, 52, 69, 70 of the Tutumazara K.C. and P. C.'s 71, 72, 73, 75, 76, 77, 78 of the Garshankar K. C. be shifted to the Mahilpur Reserve Seat. Both the areas are contiguous to the respective seats. Both are served by the same main road that is the Garshankar-Hoshiarpur Road. On the basis of the above the total population of the Mahilpur Reserve Seat would be 1,13,450 with 39,410 Scheduled Caste population, that is 34.74% of the total. The Garshankar General Seat will have a total population of 1,02,462 with Scheduled Caste population of 30,444, that is 29.71%.

(II) In case such a major adjustment were not possible then the Tutumazara K. C. be so divided that the maximum sub-montaneous area is linked with Garshankar General and the plain area with Mahilpur Reserve. On this basis the Patwar Circles 38, 41, 44, 46 of Tutumazara (Population 9,703 S. C. 3350) be added to Garshankar and Patwar Circles 51, 69, 70 of the same K. C. (Population 10079 S. C. 3624) be shifted to Mahilpur Reserve. This will not only be in the general interest of the people as stated above, but will also increase the percentage of Scheduled Caste population in Mahilpur seat.

XII

MEMORANDUM FOR THE CREATION OF A SEPARATE ASSEMBLY CONSTITUENCY FOR THE SUB-MONTANEOUS (KANDI) AREA OF HOSHIARPUR DISTRICT, PB.

During the past 3 years we have approached the Punjab Government on a number of occasions requesting them about the necessity of creating a separate assembly constituency for the sub-montaneous (KANDI) area of Hoshiarpur district, Punjab. Unfortunately, no concrete proposals have ever been drawn-up and suitable recommendations made to the Delimitation Commission to correct the existing wrong demarcation of constituency boundaries which are depriving the Kandi area people of proper representation in the Punjab State Assembly. This is a social injustice in a democratic country.

One of the reasons why there is unrest in this part of the State is due to the fact that the Kandi area has been artificially divided and attached with 8 Assembly Constituencies, comprising mostly of plain areas with the result almost all the money earmarked for the sub-mountainous (KANDI) area is spent in the plain areas, leaving virtually nothing for the KANDI area.

Moreover, during the past 27 years, the Punjab Government has miserably failed in providing the bare and much-needed basic amenities to the people of Kandi area, while one could witness so much development work taking place in the plain areas.

It would be in the best interest of the public as well as the State Government if our request to create a separate Assembly Constituency is given favourable consideration and the existing disparity removed without further delay.

We, therefore, propose that *Kanungo Circle Datarpur*, having a population of more than 60,545 should be named as a new constituency for the Kandi area of Hoshiarpur district. This will cover half of the really affected Kandi area which is suffering very badly on this account. If need be, the 12 Patwar Circles from Garbdiwala Kanungo Circle and any other Patwar Circles falling in the Kandi area may also be included in this proposed new constituency so that all the Kandi area could be brought under one Assembly Constituency.

It is further submitted that whole of the Kandi area is facing the same kind of problems and is compact homogenous unit geographically, linguistically, culturally and economically.

Under the circumstances, we would request your kind honour that due consideration may kindly be given to our above request.

PRESENT SET UP-OF PUNJAB STATE ASSEMBLY CONSTITUENCIES FALLING IN THE KANDI AREA OF HOSHIARPUR DISTRICT

I. *Hoshiarpur*

(1) Kanungo Circle	}	Mehlawali
(2) Bagpur		4 PCs out of
(3) Hoshiarpur		KC Hoshiarpur
(4) Ajjowal		
(5) Salempur		

II. *Shamchaurasi*

- (1) KC/Hoshiarpur (Less 4 PCs)
- (2) KC/Shamchaurasi full
- (3) Dhobaha, Jarauri, Bassi Wajid, Dandoh Mehngroal, Kapat (In all 25 PCs out of KC/Haryana)

III. *Tanda*

- (1) KC Gardiwala full
- (2) Tanda (excluding 3 PCs which are included in Dasuya)
- (3) 6 PCs from Miani KC (Rani Pind, Talwandi, Dadia, etc.)

IV. *Dasuya*

- (1) KC Miani (excluding 6 PCs which are now in Tanda)
- (2) KC Dasuya
- (3) KC Datarpur (excluding 4 PCs which are now included in Mukherian)
- (4) 3 PCs from KC/Tanda

V. Mukerian

- (1) KC/Hajipur full
- (2) KC/Mukherian full
- (3) 4 PCs from KC/Datarpur.

Proposed Set-up

KC/DATARPUR FULL
12 PCs from Gadiwala KC

Population 60,545
Population 27,715

SADHU RAM, M. P.
Associate Member,
Delimitation Commission.

Dated January 25, 1975.

XIII

It is proposed that constituencies Nos. 45, 46 and 49—52 in Hoshiarpur district may be suggested as follows :—

Constituency Nos. 49 to 52.

- (i) Dasuya as now proposed may be reserved instead of Garhdiwala as proposed by the Commission, so as to provide one reserved constituency in Dasuya Tehsil itself. One constituency *viz.* Sham Chaurasi has already been reserved in Hoshiarpur Tehsil as such 2nd constituency may not be reserved in that Tehsil.
- (ii) These 4 constituencies as now being proposed, are carved out in such a way, so as to keep the Kandi area and the rest of the area separately, so as to enable the areas concerned to elect their own representatives.

XIV

DELIMITATION OF CONSTITUENCIES—1975

I have to make certain suggestions regarding the composition of constituencies in Hoshiarpur district slightly at variance with the draft composition made by the Delimitation Commission, a copy of which was sent by you to me on January 1, 1975. The modifications proposed in Balachaur, Garshankar, Mahilpur, Dasuya and Talwara (Mukerian) Constituencies are given in the attached statement which shows revised extent of each constituency. As for the reasons suggested for the proposed changes, these are given below in respect of each constituency.

44. Balachaur

The population of Balachaur constituency as proposed by the Commission is 103,453 which is the lowest in Hoshiarpur district. If my suggestion of including Patwar circle 55 is agreed to the population of this constituency will rise to 107,652 which is roughly equal in number to the population of other two constituency in this sub-division. This Patwar circle is in Saroya block which is a part of Sahiba Kanungo. Moreover this Patwar circle is separated by one deep Khud from other villages of Garshankar K.C. The villages of Patwar circle 55 of the same clan as of the Balachaur constituency.

45. *Garshankar*

Patwar Circles 44 and 46 are nearer to Garshankar and should therefore remain in Garshankar constituency. P.Cs. 42 and 43 which are near to Mahilpur constituency should be excluded from Garshankar constituency to make Mahilpur constituency more homogeneous. The Garshankar constituency as composed at present has become unwieldy and geographically it is not a compact unit. A candidate has to pass through Mahilpur constituency in order to reach a P.C. of Garshankar constituency which is a inconvenient arrangement.

46. *Mahilpur (S.C.)*

From the draft composition of Mahilpur constituency I have excluded Patwar circle 44 Tutu Mazar and 46 Sodulla Pur Badhvan and in their place have included Patwar circle 42 and 43 from Garshankar constituency. In spite of these changes the population remains almost the same but the constituency becomes culturally and geographically more compact and easily accessible to all concerned.

51. *Dasuya*

Composition of Dasuya constituency as proposed by the Commission gives it a population of 1,28,587 whereas according to the composition as given by me above, the population comes to 1,27,007 which is almost the same but my proposal makes the constituency more compact putting people with the same cultural affinity in the same constituency.

Patwar circles 22, 23, 24, 25, 27 and 28 of Hajipur K.C. are only 5 to 7 miles from Dasuya and are therefore easily accessible to Dasuya. Moreover they are in Dasuya block and should naturally come in Dasuya constituency rather than in Mukerian constituency as contemplated by the Commission.

52. *Talwara*

Against S. No. 52, Mukerian has been made a constituency. I propose that the name of this constituency should be Talwara and should comprise of Talwara and Hajipur K.Cs. as detailed above. The population of this constituency remains almost the same.

It is also observed that the three reserved seats in Hoshiarpur district viz. Mahilpur, Shamchurasi and Garhdiwala are contiguous to each other. This puts the general voters of this huge area at a slight disadvantage as they cannot send a representative from amongst the "General" voters. It would be more appropriate to stagger the reserved seats to give a fair chance to all areas. For example, I would suggest that Mahilpur which is a reserved seat since 1952 may now be made general so that this continuity is broken and in its place Garshankar may be made a reserved constituency. It was last so in 1952.

SUGGESTED CHANGES IN DRAFT COMPOSITION OF CONSTITUENCY IN HOSHIARPUR DISTRICT

			Total seats	9
			Scheduled Caste seats	3
Serial No. & Name of constituency	Extent		1971 Census Population	
			Total	S.C.
1	2		3	4
44-Balachaur	Balachur Tehsil and Patwar Circle 55 of Garshankar K.C. Kanungo Circle	K.C. Sahiba	70322	26991
		K.C. Balachaur	33111	
		P.Cs.		
		55-Sekhowal of Garshankar K.C.	4219	1218
		Total	1,07,652	28209
45-Garshankar	K.C. Garshankar excluding P.C. 55-Sekhowal, K.C. Tutu Mazar excluding P.Cs. 38-Rampur, 41-Halluwal, and P.Cs. 42-Jejon and 43-Mengharwal.	K.C. Garshankar excluding P.C. 55-Sekhowal Tutu Mazar K.C. as amended in col. 2	66,101	18284
			41,646	
		Total	1,07,747	

1	2	3	4
46-Mahilpur (SC)	Sarhala Kalan Mahilpur K.C. P.C. 38-Rampur 41-Halluwal 42-Jejon 43-Mehngarwal	50,665 48,145 2,490 1,920 2,606 2,110	17,928 17,486 804 734 608 523
	TOTAL	1,07,936	
51-Dasuya	K.C. Dasuya excluding Patwar circles 66, 68, 69 & 70 K.C. Mukerian P.C. 22-Pandori 23-Mehatpur 24-Panjderan Kalan 27-Galarian 28-Muradpur	65,224 3,175 2,583 2,087 2,381 2,886	
	TOTAL	1,27,007	
52-Talwara	K.C. Talwara K.C. Hajipur excluding P.Cs. 22-Pandori 23-Mehatpur 24-Panjdera Kalan 25-Mansurpur 27-Galarian and 28-Muradpur	89,034 33,254	
	TOTAL	1,22,288	

CHANDIGARH;
January 27, 1975.

PARKASH SINGH BADAL, M.L.A.
Associate Member,
Delimitation Commission.

XV

LUDHIANA DISTRICT

63-Samrala (S.C.)

Extent	Total Population	S.C.
K.C. Pakhowal	42,956	11,662
K.C. Raikot	48,287	15,358
P.Cs 42, 44, 50, 51, 52, 53, 60, 61, 89 to 94 K.C. Raipur, P.Cs 78 to 80 and 90 to 97	29,285	7,957
TOTAL	1,20,528	34,977

Samrala constituency as suggested by me is more or less the same as at present. I have suggested re-demarcation of this seat in order to make it geographically more compact, administratively more easily handled and provides better communication to all concerned. In order to bring about better compactness, I suggest that the changed composition of this seat as proposed by me may be accepted.

It is also suggested that P.Cs. 8, 10, 11 and 12 in Samrala constituency may be included in Khanna constituency and taken out from Samrala. These P.Cs. are contiguous and nearer to Khanna.

Scheduled caste Seats

Samrala, Kum Kalan, and Dakha seats have been declared reserved by the Commission. Samrala and Kum Kalan are contiguous and should, therefore, be staggered. It does not seem proper to commit a huge block of population in two contiguous constituencies as reserved seats. One of them i.e. Samrala may be declared General.

PRAKASH SINGH BADAL, M.L.A.
Associate Member,
Delimitation Commission.

XVI

ROPAR DISTRICT

Declaration of Ropar or Morinda as Reserve instead of Kharar as proposed

It is submitted as follow :—

Amendment No. 1.

According to the Draft proposals for Assembly Constituencies of Ropar district, the percentage of Scheduled Caste population is as follows :—

Nangal No. 65	16.12 %
Anandpur No. 66	20.19 %
Ropar No. 67	26.26 %
Morinda No. 68	25.39 %
Kharar No. 69	25.70 %

In the face of the above figures and the accepted principle of delimitation that constituencies with larger Scheduled Caste population will be declared Reserve. Ropar with the highest percentage of Scheduled Caste population in the entire district should be made Reserve and not Kharar as has been done. The above suggestion is made in the above background.

Amendment No. 2.

According to the draft proposals, the population of proposed Morinda has been increased to 120762 from the existing 109016 (according to present delimitation) and the population of existing Kharar constituency has been reduced from 1,30,465 to 1,04,708 by taking out 9 P.C's of Mullanpur K. C. which at present are a part of Kharar constituency. As such proposed Morinda has been made unusually big and proposed Kharar has been made unusually small. Hence to normalize this population gap it is suggested that instead of taking out all the 9 P.C's of Mullanpur K. C., only 4 K. C.'s i.e. 1, 2, 3, and 7 be taken out and P. C's 8, 9, 10, 11, 14 of Mullanpur K. C. be retained in the proposed Kharar in the interest of fairness and justice.

Draft proposal of Kharar :

Kharar K. C.	71,107	19,656	S. C.
Manauli K. C.	33,700	7,283	
	1,04,807	26,939	25.70 %
Add P. C's 8, 9, 10, 11, 14 of Mullanpur K. C. in proposed Kharar by taking out from proposed Morinda.	11,679	2,595	
Proposed Kharar as amended	1,16,486	29,534	
	S. C. population percentage 25.36 %		

Draft Proposal for Morinda :

Morinda K. C. (excluding P.C.'s 62, 63, 64, 65, 66, 67, 68, 69 and 80).	36,657	11,577	S. C.
Mullanpur K. C.	36,518	7,848	
Marauli K. C.	47,587	11,241	
	1,20,762	30,666	25.31 %
Population P. C.'s 8, 9, 10, 11, 14 of Mullanpur K. C. to be taken out from proposed Morinda to be added to proposed Kharar.	11,679	2,595	
Proposed Morinda as amended	1,09,083	28,071	S. C.
S. C. population percentage	25.73 %		25.73 %

It is therefore requested that the draft proposal of the Commission with regard to declaration of Reserve Constituency be amended in the light of the above facts and Ropar or Morinda be declared as Reserve instead of Kharar in the interest of fairness and justice.

B. S. BHAURA, MP.
Associate Member,
Delimitation Commission.

Dt. 18-2-1975

XVII

Constituencies No. 65 to 69.

(1) Constituencies Nos. 65 to 67 are proposed to be modified as per list enclosed for the reasons given below:—

- (i) The population of Nangal Constituency as proposed by the Commission comes to 86,117 and of Anandpur Sahib 1,19,846. This population needs to be adjusted.
- (ii) Naya Nangal in 23-Kanchehra K. C. and Nangal Township in No. 1, Nangal Nikku P. C. may be placed in one constituency viz. in Nangal.

To make up the population of Nangal constituency, P. Cs. 21 and 22 of Ropar K. C. may be added to Anandpur Sahib Constituency.

A small portion of Ghanauli K. C. viz. P. Cs. 13—20 may be added to No. 67 constituency alongwith rest of the Ropar K. C. This will make the population of the two constituencies within prescribed limits. No. 66-Anandpur Sahib Constituency may be named as Anandpur Sahib-Ropar.

No. 67 constituency will then include the portion of Nangal K. C. excluded from Anandpur Sahib Constituency and exclude P. Cs. 21 and 22 of Ropar K. C. proposed to be added to Anandpur Sahib Constituency. As Ropar will go out of this constituency, this may be named as Chamkaur Sahib. This constituency will have 29.04% S.Cs. and may thus be reserved for S. Cs. instead of 69-Kharar.

XVIII

It is suggested that:—

1. The proposals do not take into consideration the fact that on average a parliamentary constituency is to include a population of about 10,42,000. The Ropar parliamentary constituency as proposed has more than 10,70,000 population whereas Hoshiarpur constituency has a population of only 10,20,000. This disparity can be rectified by having the Assembly constituency Nos. 65 and 66 a bit larger than the other constituencies in the district. My proposals enclosed herewith reduce the disparity to make their population figures 10,52,000 in Ropar constituency and 10,38,000 in Hoshiarpur constituency.

2. Assembly constituency No. 65 Nangal is shown to be covering a population of 1,07,473 but, in fact, according to the corrected figures (vide the errata slip) has only a population of 86,117 though the average in the district is about 1,10,000 (precisely 1,09,800). The disparity is even more than the permissible 10%. So, we have to include P. C. No. 1 Nangal Nikku of Anandpur Sahib K. C. as a whole in this constituency. By this change the entire population of Nangal Town would come into the same constituency.

3. As a consequential amendment to the Assembly constituency No. 66 Anandpur Sahib, and to make it of proper size, the P. Cs. 21 Khawaspura and 22 Ropar of Ropar K. C. have to be included in it and taken out of 67-Ropar constituency, which now would be better to be named as Chamkaur Sahib constituency.

4. In order to make up the loss of P. Cs. Nos. 21-Khawaspura and 22-Ropar, we have to include in constituency No. 67-Ropar (or Chamkaur Sahib) also the P. Cs. Nos. 70-Baninara, 71-Kainaur, 72-Saheri, 79-Kalaran, 81-Khant and 83 Panj Koha of Morinda K. C. in addition to the 9 P. Cs. already proposed in the proposals.

5. Morinda constituency, as proposed in the proposals is too long. It runs from the border of district Ludhiana to the border of Haryana, towards the north of the Punjab and Haryana High Court. It does not have any regard for geographical and physical features and lines of communication. One has to pass through Kharar while going from Morinda to Mullanpur K. C. The public inconvenience has also been ignored. Thus it is against the letter and spirit of Section 9 of the De-Limitation Act. This defect can be rectified by re-constituting 69-Kharar constituency, so as to contain K. Cs. Mullanpur and Manauli and half of Kharar K. C., as shown in the enclosed proposals. Consequently 68-Morinda constituency will consist of Kurali K. C. and the remainder of Kharar K. C. and Morinda K. C. [excluding the P. Cs. which are required to be added to 67 Chamkaur Sahib, (Ropar constituency).]

PARKASH SINGH BADAL, M.L.A.
Associate Member,
Delimitation Commission.

XIX

8. PATIALA DISTRICT

Some of the constituencies in Patiala Dist. are wrongly proposed. The following proposals are submitted for the kind consideration of the commission. An effort is made to keep the K.C. mostly in tact and the area of a particular constituency contiguous.

70-Banur	Total	S.C.
Banur K.C.	48,803	10,976
Dera Bassi K.C. and	55,032	11,157
P. Cs. 82, 83 of Mardanpur K.C.	8,762	1,458
	1,12,597	23,591

The P.Cs. 82, 84 and 85 of Mardanpur constituency are quite adjoining the Banur K.C. & makes the constituency contiguous. By taking out P.C. 13, Lalru in Lalru K.C. will keep the Lalru K.C. in tact. P.Cs. 14 & 15 of Lalru K.C. which are nearer Dera Bassi K.C. than P.C. 13 Lalru are in Ghanaur constituency as proposed. Hence this amendment.

71-Rajpura

Rajpura K.C.	90,673	11,113
Rajpur K.C. excluding P.Cs. 57, 66, 68, 69, 70, 71, 72, 73 and 74 in Patiala Tahsil	20,376	7,727
	<u>1,11,049</u>	<u>18,840</u>

72-Ghanaur

Ghanaur K.C.	34,511	8,575
Lalru K.C.	38,389	10,107
Mardanpur K.C. excluding P.Cs. 82 & 83	35,880	1,458
	<u>1,08,780</u>	<u>20,140</u>

This arrangement will keep Ghanaur and Lalru K.Cs. in tact and Mardanpur K.C. mostly in tact. The constituency becomes contiguous.

73-Dakala (SC)

Dakala K.C.	51,266	14,379
Patiala K.C. excluding M.C. Patiala	45,319	11,127
Samana K.C. excluding P.Cs. 9, 10, 14, 15, 16, 18, 19 & 20	30,025	6,840
	<u>1,26,610</u>	<u>32,346</u>

74-Samana

Shatrana K.C. & P.Cs. 9, 10, 14, 15, 16, 18, 19, 20 in Samana K.C. in Samana Tehsil.	82,332	
	47,753	
	<u>1,30,085</u>	

75-Ghuram

Ghuram K.C.	51,370	7,359
Wards No. 3 to 9 at M.C. Patiala	31,203	1,759
P.Cs. 57, 66, 68, 69, 70, 71, 72, 73 & 74 of Raipur K.C. in Patiala Tahsil.	31,245	5,967
	<u>1,13,818</u>	<u>15,085</u>

The constituency becomes contiguous.

BALBIR SINGH, M.L.A.
DEVINDER SINGH GARCHA, M.P.
Associate Members,
Delimitation Commission.

XX

The Constituencies Nos. 70, 71, 72, 73 and 75 of this district may be adjusted as per enclosed statement for the following reasons:—

- (i) P.C. No. 15 of Lalru forms enclave in Banur constituency as proposed by the Commission. So this may also be added in Banur constituency alongwith P.C. No. 14
- (ii) Instead of Raipur area which is in Patiala Tehsil area of Mardanpur K.C. may be added to Rajpura constituency.
- (iii) Dakala K. C. has high concentration of S.Cs. It may be joined with the adjoining areas of Samana K.C. and Patiala K.C. and reserved, in place of Ghanaur.

1971 Census Population		No. of seats

XXI

I enclose a Performa showing revised demarcation of some of the constituencies in Patiala District for consideration of the Commission as detailed below:—

70-Banur.

Lalru K. C. is geographically and administratively a part of Dera Bassi Sub Tehsil and Dera Bassi Block. Even in all previous Delimitations since 1952, Lalru K. C. and Dera Bassi K.C. have been put together in the same Assembly Constituency. Even in present Punjab Assembly Constituency, the Lalru K. C. and Dera Bassi K. C. form part of same Constituency namely Banur Constituency. In the Commission's proposals, Lalru K.C. excluding Lalru P.C. has been proposed as part of 72-Ghanaur constituency, whereas Dera Bassi K.C. and Banur K.C. have been grouped together in proposed Banur constituency. The Lalru K. C. has no direct means of communication with other parts of proposed 72-Ghanaur constituency, although on map it looks to be contiguous area. The river of Ghaggar divides Lalru K.C. and Mardanpur K.C. horizontally and no part of these K.Cs. is contiguous except through river bed. There is no bridge in this area. If from the proposed Ghanaur constituency, one has to go to any place in Lalru K.C. which has now been included in Ghanaur constituency, one has to go by road via Ambala city in Haryana by travelling eight miles in Haryana territory. While Dera Bassi K.C. and Lalru K.C. are a compact Block falling on both sides on Ambala-Kalka national highway. So it is in the fitness of the things that Banur constituency should be re-demarcated as proposed above and consequential changes may be made in the proposed other constituencies suggested by me.

71-Rajpura.

The Commission has proposed Rajpura constituency consisting of Rajpura K.C. and part of Raipur K. C. in Patiala Tehsil. The proposed Rajpura constituency has been made unnecessarily lengthy. It starts from the municipal limits of Patiala city and reaches near Banur i.e. a distance of about 22 miles in length and a width of only 4 miles. The changed demarcation of this constituency, as shown by me in the enclosed proforma make it more compact and physically convenient to everybody.

72-Ghanaur.

My suggestions for Banur and Rajpura constituencies will take out Lalru K.C. from this proposed constituency and part of Raipur K.C. from Rajpura constituency proposed by the Commission. Raipur K.C. in Patiala Tehsil which is more contiguous and well connected with Ghanaur

K.C. be included in Ghanaur constituency as in all the previous delimitations upto now, Ghanaur K.C. and Raipur K.C. have formed part of one and the same constituency. So it is desirable that Ghanaur K.C. and Raipur K.C. should form part of one constituency, as it will ensure continuity and compactness of the area. The Ghanaur Constituency as now proposed by the Commission is lengthy and not compact and divided by Ghaggar river which has no bridge in the area. Physical feature conditions have been totally ignored by the commission while making this proposal. So I strongly suggest that Lalru K.C. be included in Banur constituency and excluded from proposed Ghanaur constituency and instead of Lalru K.C., Raipur K.C. be included in it.

73-Dakala.

As the Commission's proposed Dakala constituency has a population of 125,689, it is desirable to reduce its population by excluding P.C's 72, 73, 74 of Raipur K.C. from it. These P.C's may be included in the Ghanaur constituency as proposed by me while discussing Ghanaur constituency above.

74-Samana.

If my suggestions regarding demarcation of Ghanaur constituency are accepted then Ghanaur constituency will have lesser percentage of scheduled caste population and the Samana constituency as proposed by the Commission will have higher concentration and percentage of Scheduled Caste population. So I suggest that Samana may be made a reserved constituency for the Scheduled Castes.

SUGGESTIONS FOR CHANGE IN ELECTION COMMISSION DRAFT PROPOSALS FOR DELIMITATION OF CONSTITUENCIES IN PATIALA DISTRICT

Serial No. and Name of Constituency	Extent	1971 Census Population	
		Total	S.C.
1	2	3	4

Associate Member,
Delimitation Commission.

XXII

9. SANGRUR DISTRICT

The draft proposals sent by you have not taken into consideration certain physical features of the three above named constituencies while redelimitating them. Minor changes are required to stabilise the said three constituencies.

I suggest the following changes:—

1. That P.Cs. 11, 12, 13 of Mahal Kala K.C. and P.Cs. 18, 22, 23 of Barnala K.C. should go to Bhadaur S.Cs. constituency and P.C. 60, 61, 62, 64 and 65 of Tapa K.C. should go to Dhanaula constituency and P.Cs. 49, 51 and 47 of Dhanaula K.C. should go to Barnala Assembly constituency.

By this arrangement Dhanaula proper would become a part of Barnala Assembly constituency. Therefore this constituency should be renamed as Tapa instead of Dhanaula.

DEVINDER SINGH GARCHA, M.P.
Associate Member,
Delimitation Commission.

XXIII

It is requested that constituencies in this district may be adjusted as in the enclosed statement for the following reasons:—

- (i) Sangrur and Bhavanigarh towns are closely connected and may be kept in one constituency.
- (ii) Dhanaula and Barnala town are closely connected and may be kept in one constituency.
- (iii) A rural constituency may be provided by combining areas of Bhavanigarh and Dirba K.Cs.

Composition of Assembly Constituencies in Sangrur District

With reference to your letter No. 282/Pb/75/101 dated 6-1-75, regarding delimitation of parliamentary and assembly constituencies in the State of Punjab, I have the honour to give below my dissenting proposals in respect of Assembly Constituencies in Sangrur District.

1. 83-Barnala Constituency.

Barnala Constituency formerly comprised of the whole of Barnala K. C. excepting Patwar Circles 29 and 30 with a population of 5151 and the whole of Mahal Kalan K. C. excepting Patwar Circle 11, 12 & 13 with a population of 8316. It also included two Patwar Circles Nos. 3 and 3 A of Ahmedgarh K.C. with a population of 4752. The total population of Barnala constituency was 1,40,047.

Now the Barnala constituency is being formed only on a population of 1,10,704 while the adjoining Sherpur constituency has a population of 1,23,000. To keep a balance and equal distribution of population it is desirable that Patwar Circles 54 and 55 of K. C. Sherpur which is contiguous to Barnala constituency and having a population of 6428 be excluded from Sherpur constituency and be included in Barnala constituency. Thus the population of Barnala constituency will become 1,17,132 and that of Sherpur constituency will also be about 1,17,000.

That in case the above-mentioned two Patwar Circles can not be included in Barnala constituency then Patwar Circle 72 in K.C. Circle Barnala, as will be revealed from a cursory look at the map be added to Barnala constituency. This Patwar circle has a population of 2527 and is connected by road only with Barnala. Its grain market, banks, court etc. are all at Barnala. So the inhabitants of this village have to go to Barnala for all their needs. There is no justification for keeping this Patwar circle in Sherpur constituency.

It is, therefore, prayed that small modifications, as prayed above, may kindly be made in the Barnala constituency.

2. 86-Sangrur Constituency.

Sangrur Constituency is formed on a much smaller population than Bhawanigarh constituency and it is most desirable that some Patwar circles of Bhawanigarh K. C. which are contiguous to Sherpur constituency be added to it.

Patwar Circles 1 and 2A and (B), Patwar Circles 10 and 57 are such circles which can very conveniently be added to the Sangrur constituency to equalise the population of these two adjoining constituencies. Formerly Patwar Circle 57 was a part of Sangrur K. C. and was only recently transferred to Bhawanigarh K. C. Patwar Circles 1 and 2 are also very conveniently situated for being added to Sangrur constituency and with the inclusion of these Patwar Circles in Sangrur constituency there will be better distribution of population. These Patwar circles were formerly part of Sangrur Assembly Constituency.

It is, therefore, prayed that in the public interest Patwar circles Nos. 57, 1, 2, and 10 of K.C. Bhawanigarh may kindly be added to Sangrur constituency.

PARKASH SINGH BADAL,

M. L. A.,

Associate Member,
Delimitation Commission.

XXVI

10-FEROZEPUR DISTRICT

PUNJAB ASSEMBLY CONSTITUENCY No. 91—ABHOR.

We understand that some people with "political motivation" are trying to get the above constituency converted into a "Reserved" constituency. This would naturally mean "down grading" of this important constituency.

It looks that efforts are being made to get some P.Cs included in this constituency, for instance, Nos. 47, 61 and 62 on the plea that the villages of these are "semi towns" and are the suburbs of Abhoar Town. This is entirely mischievous and incorrect. As a matter of fact that these villages have always been in Fazilka constituency and have been in the jurisdiction of Khudian Sarwar Police Station. By no stretch of imagination these villages can be termed as "mini towns" and or suburbs of Abhoar.

We further learn that these people—with selfish personal ends in view—want to get P.C. No. 52 excluded from Abohar constituency—withstanding the fact that these villages have been in the constituency ever since its formation.

Another plea such advocates advance is that Malaut—a Tehsil town and Faridkot a district town—have been made "reserved constituencies"—then why not Abohar?

Permit us to state that Abohar has been and continues to be the "biggest" cotton market in the whole of India. Abohar has been one of the most important "commercial centre" of the country and dominates the whole of the area in matters of finance, industrial development and political movements too.

Malaut is a small Mandi—insignificant—as compared to Abohar. And Faridkot was a "dying town" and raised to a district station to save it from extinction.

Abohar has a population of about 100,000 souls (one lak) at present, and it has almost all the leading Banks—staffed by senior most Executives—doing business worth crores of rupees.

We, therefore, request you that this constituency should be allowed to remain as it is and should not be reserved at all for the best interest and development of this border town.

XXVII

SADHU RAM M.P.,
Associate Member.

We beg to state as under :—

I. that while proposing the constituencies of Zira Sub Division and Ferozepur Sub Division, in District Ferozepur, following facts have not been kept into consideration :—

(i) that this area is situated on the border of Pakistan and the natural boundary of river Satluj and Beas divides it from a foreign country.

(ii) that the people residing within the boundary limit of about ten miles are backward and they have no permanent source of their living. They are always afraid of foreign attack. They are quite right in apprehending such an attack because there have been three or four such attacks in the last 9 or 10 years. As such the people of this boundary limit are very poor. Apart from this, this boundary limit has not been properly developed even by the Governments. As this area has not been properly and effectively represented by any person belonging to this area no industry is fixed in this area.

(iii) this area of about ten miles from the border is also effected by floods. This factor has also added to the economic backwardness of the people of this area.

(iv) that people residing within the area of 10/12 miles belt mostly belong to either backward classes or those, who have been migrated from Pakistan to India at the time of partition. On these grounds there have been consistent demands of these people that they should be given proper representation in the Legislative Assembly.

As the above mentioned facts have not been considered while proposing the constituencies, proposals already made are croneous and do not justify the genuine claims of the various types of persons residing in this ilaqa. As you will kindly see that Ferozepur Cantt. and Ferozepur City has been combined in one constituency and thereby the rural area and the urban areas have been completely separated from each other. Rural area is dominated by Sikhs whereas Urban area is completely dominated by Hindus. Such demarcation would not certainly give a secular out look. Apart from this the principle of geographical continuity has not been kept in mind while

demarkating the constituencies in Ferozepur and Zira Sub Divisions, such as in P.C. 24 of Ferozepur K.C. there are entirely independent two notified Municipal Committees i.e. of Ferozepur City and also of Tankanwali. The distance between these two Municipal Committees is about two miles whereas the distance of Municipal Committee Tankanwali with that of Ferozepur Cantt. is hardly two furlongs. Sentimentally and emotionally people of Tankanwali are more attached with the Cantonment than that of Ferozepur Municipal Committee, but as they fall in one P.C. that has resulted in keeping these two in one Constituency. However, without going into details we are of the definite view that overall changes are bound to be made so that the principles of geographical contiguity, the emotional and social feelings of the people and also for maintaining the secular outlook in the area will have to be met. While keeping these things in view we have attached herewith our suggestion for delimiting the constituencies in Zira and Ferozepur Sub Divisions in District Ferozepur.

Therefore, we will request the Commission that these fundamental points should be kept in mind while delimiting the constituencies of this area. We hope that this demand of the people of Sub-Divisions Zira and Ferozepur will be fully respected and they will be accorded full justice in future by delimiting the constituencies of this area as per proposal made by us.

11. FARIDKOT DISTRICT

Faridkot has since become a district headquarter. As such No. 104 Faridkot Constituency may not be reserved. Besides, this constituency has been reserved since long.

(ii) There are 4 constituencies in Moga Sub-Division. One of these viz., Panjgarain may be reserved instead of Faridkot. This constituency has also some area of Faridkot sub-division. This way both Faridkot and Moga Sub-Division will share a reserved seat.

1. HARCHARAN SINGH, M.L.A.
2. RAGHUNANDAN LAL BHATIA, M.L.A.

XXIX

PROPOSAL FOR THE CONSTITUENCY OF PANJ
GRAIN DISTRICT FARIDKOT (PUNJAB)

The Constituency of Panj Grain as proposed by the Commission may remain as it is. It should not be made Reserved.

Keeping in view the physical features, facilities of communication and administrative and public convenience the following changes in this Constituency may be made.

AREA TO BE EXCHANGED BETWEEN PANJ GRAIN
AND KOTKAPURA CONSTITUENCIES

1. Patwar Halqa Sandhwan (24) of Kot Kapura Kanuge Circle from Panj Grain Constituency to Kot Papura Constituency, and Patwar Halqa Bargari No. 34 of Kot Papura Kanuge Circle from Kot Kapura Constituency may please be transferred to Panj Grain Constituency.

2. Patwar Halqa Samadh Bhai (70) of Bagha Purana Kanuge Circle may please be transferred from Panj Grain Constituency to Bagha Purana Constituency.

With this change, the population will be as follows:—

Sl. No.	Name of Constituency	Present Population	Proposed Population
1.	Panj Grain	1,19,487	1,19,320
2.	Kot Kapura	1,28,878	1,29,045
3.	Bagha Purana	1,10,168	1,16,407

BALBIR SINGH M.L.A.,
DEVINDER SINGH, GARCHA, M.P.
Associate Members,
Delimitation Commission.

XXX

According to the proposals circulated by the Commission, there are the following three reserved constituencies in *Faridkot* District:—

1. Lambi In Mukatsar Tahsil
2. Malout
3. Faridkot In Faridkot Tahsil.

According to accepted principles, one seat should be reserved in one Tehsil and no two reserved seats should be contiguous. In the present proposals of the Commission, Lambi and Malout reserved seats are contiguous and as stated earlier no reserved seat has been demarcated in Moga Tehsil. It is, therefore, suggested that in Mukatsar one of the two reserved seats namely Lambi and Malout should be declared as general seat and the other made a reserved seat. In lieu thereof any one of the constituencies in Moga Tehsil may be declared as reserved.

PRAKASH SINGH BADAL
Associate Member
Delimitation Commission.

XXXI

ASSEMBLY CONSTITUENCIES

APPEAL AGAINST THE PROPOSAL OF DELIMITATION COMMITTEE MAKING 116 BUDHLADA ASSEMBLY CONSTITUENCY OF DISTRICT BHATINDA, PUNJAB A RESERVED CONSTITUENCY

In Punjab the work of delimitation of constituencies is going on. The number of assembly in the State is proposed to be increased to 117 instead of 104. In the district of Bhatinda there were 8 assembly constituencies but now one Assembly seat has been increased thus taking the number to be 9 for the forthcoming General Election.

2. That the petitioners have come to know from the proposed recommendation for the delimitation of the Assembly constituencies that 116 Bhudhlada General constituency has been proposed to be reserved for scheduled castes.

3. That only two constituencies have to be kept reserved for scheduled castes in Bhatinda district. Last time Nathana (112) and Faridkot were the two reserved constituencies. Now Faridkot has been formed a separate district and hence another constituency is to be reserved for the scheduled castes and surprisingly enough Budhlada has been proposed to be made a reserved constituency although it would be clear from the following schedule that the Budhlada constituency stands at number 3 in the percentage of the schedule castes in the district:—

	Total population	SC population	Percentage of SC
109. Talwandi Sabo	102806	25098	25.20
110. Pakka Kalan	115301	31875	27.65
111. Bhatinda	118843	24504	20.62
112. Nathana (SC)	117540	34462	29.32
113. Rampura Phul	109746	28467	25.94
114. Chowke	110040	27085	24.53
115. Mansa	119436	30621	25.64
116. Budhlada (SC)	120683	33034	27.37
117. Sardulgarh	110876	28295	25.52

4. Nathana (112) contains the highest percentage of scheduled castes which comes to be 29.32 percent and Pakka Kallan (110) has 27.65 per cent whereas Budhlada has 27.37 percent of the scheduled castes of the total population. Keeping in view these facts and figures Nathana and Pakka-Kalan should be declared to be the Reserved constituencies in district Bhatinda.

5. That moreover Budhlada constituency has been the reserved constituency from 1953 to 1967. Keeping this fact also in view the Budhlada constituency should not be made reserved and instead some other constituency having approximately the same number of scheduled castes votes be kept reserved.

6. That as would be clear from the schedule given in para. No. 3 above Budhlada constituency has the highest population as compared to any other constituency in the district which is 120683 whereas in constituencies No. 110, 113, 114 and 117 the population in each of these constituencies varies between 100000 and 110000. It would be in the fitness of things if Patwar Circle No. 36 Hakamwala of Budhlada K.C. should be excluded from the Budhlada constituency and added to Sardulgarh (117) constituency which geographically falls in Sardulgarh constituency. It would result an equal distribution of votes in both the constituencies which you find as under:—

Present population if P.C. No. 36 is excluded from Budhlada and added to Sardulgarh the number of population.

1. Budhlada	120683	116609
2. Sardulgarh	110876	114950

If this contention of the petitioners is accepted then both Budhlada and Sardulgarh constituencies would have about 26 percent of the scheduled castes population.

Constituency has never been a reserved constituency and hence it should be made a reserved constituency instead of Budhlada which had been a reserved constituency for fifteen years in the past.

7. Moreover Chauke has been created a new constituency and it can be made a reserved constituency after making the adjustment of population with the adjoining constituencies.

8. That the petitioners have come to understand that 112-Nathana and 110-Pakka-Kalan which have the high at percentage of scheduled castes population have not been kept reserved because both fall in the same Sub-Division otherwise in normal circumstances these two constituencies would have been kept reserved as they have the highest number of the scheduled castes population. But to our great surprise this principle is being applied to the district Bhatinda only and the same principle has not applied in other district. Some instances are being quoted below.

AMRITSAR DISTRICT

1. Constituency No.	14 Verka) Sub-Division Amritsar	Constituency No. 15 Jandiala)
2. " "	22 Attari) Sub-Division Tarntar	consituency No. 24 Khadursahib)

JULLUNDUR DISTRICT

3. " "	32 Jullundur South) Sub-Division Jullundur
" "	33 Kartarpur
4. " "	37 Banga) Both fall in Nawanshar
" "	39 Phillaur) Phillaur Sub-Division

LUDHIANA DISTRICT

5. Constituency No.	62 Kum Kalan) Sub Division Samrala
" "	63 Samrala

HOSHIARPUR DISTRICT

6. " "	48 Sham Chaurasi) Sub-Division Hoshiarpur
" "	49 Garhiwala)

HARIDKOT DISTRICT

7. " "	107 Malaut) Sub-Division Mukatsar
" "	108 Lambi)

In the cases of all the above mentioned districts two reserved constituencies fall in the same Sub-Division. Hence the principles of keeping those constituencies reserved which have the highest number of scheduled castes population should be applied to Bhatinda district also.

It is, therefore, respectfully prayed that for the reasons given above the Budhlada constituency should not be made reserved constituency and Patwar Circle No. 36 Hakamwala of Budhlada K.C. be excluded from the Budhlada constituency and added to Sardulgarh constituency to make the distribution of population these constituencies more even.

dated : 26/1/1975.

HARCHARAN SINGH, M.L.A.
BALBIR SINGH, M.L.A.
Associate Members,
Delimitation Commission.

XXXII

ASSEMBLY CONSTITUENCIES

Delimitation of constituencies in Bhatinda District.

I enclose a Proforma suggesting certain changes in the demarcation of the following constituencies in Bhatinda District, as circulated in your letter No. 282/PB/75/101 dated 6th January, 1975:—

1. 110-Pacca Kalan.
2. 111-Bhatinda.
3. 112-Nathana.
4. 117-Sardulgarh.
5. 115-Mansa.

These changes have been suggested with a view to cut short excessive distances between the two extreme points of constituencies, to make the constituencies more compact and homogeneous and to bring people of one cultural affinity in one constituency. Geographical considerations have also been kept in view while suggesting these modifications. For example in constituency 117-Sardulgarh, P.C.-60 in Mansa K.C. is 50 KMs. away from Sardulgarh and only 7 KMs from Mansa. So it should right be included in Mansa Constituency and taken out from Sardulgarh. The same observations apply in the changes proposed in other constituencies as shown in the attached proforma.

BHATINDA DISTRICT

Serial No. and Name of the Constituency	Extent	Total	Census Population
1	2	3	
110-Pakka Kalan	Pakka Kalan K.C. and	98,029 16,511	27,414 4,076

XXXV

COMPOSITION OF PHILLAUR (RESERVED) PARLIAMENTARY CONSTITUENCY

I would like to bring to your kind notice that I came to know that Sardar Balbir Singh, Minister, Government of Punjab has raised objection about the inclusion of Jullundur Cantt. Assembly Constituency in Phillaur Parliamentary (Reserved) Constituency. In this regard I would like to inform you that Jullundur Cantt. Constituency is very near and three side adjacent to Phillaur Parliamentary (Reserved) Constituency. The percentage of Scheduled Caste population in Jullundur Cantt. is 32.71 but whereas the Scheduled Caste population in BHOLATH is 15.22 only. From the very beginning the BHOLATH is in Jullundur Parliamentary Constituency only. The distance from Phillaur to Bholath is nearly 135 miles.

I have already represented with 9 Associated Members of Delimitation Commission, India about Tanda and Mahalpur Constituencies *vide* my letter dated the 29th January, 1975 submitted to you in the Commission meeting held on the 18th February, 1975 and a copy of the same is enclosed herewith for your ready reference.

Under the circumstances explained above, I request you to kindly consider all the above facts and include Jullundur Cantt. Assembly Constituency in Phillaur Parliamentary (Reserved) Constituency.

CH. SADHU RAM, M.P.,
Associate Member,
Delimitation Commission.

NEW DELHI,
20th February, 1975.

XXXVI

COMPOSITION OF PHILLAUR (RESERVED) PARLIAMENTARY CONSTITUENCY

Regarding the composition of the PHILLAUR (S.C.) Parliamentary Constituency, I am to say that the TANDA Assembly Constituency No. 50 has been included in my Constituency in place of MAHALPUR (S.C.) Assembly Constituency No. 40 which is not at all contiguous and compact. Because, Tanda Constituency is away from PHILLAUR about 120 K.M, whereas MAHALPUR Constituency was only 50 K.M. far away from PHILLAUR. Moreover, the percentage of Scheduled Caste population/Voters is less in TANDA i.e., 23.93 per cent than MAHALPUR which is 35.72 per cent.

Therefore, I request you to please let the PHILLAUR Constituency remain as it was and do not put TANDA Assembly Constituency in replacement of MAHALPUR Constituency.

I hope you will kindly realise the difficulty explained above and accede to my request

CH. SADHU RAM, M.P.
RAGHUNANDAN LAL BHATIA, M.P.

XXXVII

We, associate members of delimitation committee, Punjab have collectively considered the draft proposals sent to us by the Commission regarding the Lok Sabha Constituencies of Patiala and Sangrur, Ropar and Ludhiana. We are of this opinion that in view of blatant incongruities in the draft proposals, certain amendments need being made in their delimitation.

1. Kumkalan Assembly Constituency of Ludhiana District consist basically of the suburban areas of Ludhiana city. It touches and occasionally corrodes the municipal limits of Ludhiana city. But for electoral purposes, it has been given over to Ropar Parliamentary Constituency. To undo this great injustice to the electorate of this constituency it is essential that it should come back to Ludhiana Parliamentary Constituency and a fringe areas of Ludhiana namely, Raikot should be taken out which could be accommodated in Sangrur Parliamentary Constituency. Sangrur in its own turn should yield, Malerkotla Assembly constituency to Ropar Parliamentary Constituency to make up its loss of Kumkalan.

2. Patiala Parliamentary Constituency in the draft proposals has been extended on to Bhawanigarh Assembly constituency whereas, much closer areas of Patiala District like Nabha have been given over to Ropar constituency. In all good reason, Bhawanigarh Assembly Constituency should go to Sangrur and Nabha from Parliamentary constituency should come to Patiala. In order to make up the loss of Nabha to Ropar constituency, Dhuri Assembly constituency from Sangrur should go to Ropar.

Summed up, this proposal boils down to the following:—

“Ropar constituency should loss Kumkalan and Nabha Assembly constituency and gain in their lieu Dhuri and Malerkotla Assembly constituencies. Patiala Parliamentary constituency should cede Bhawanigarh and gain Nabha. Sangrur Parliamentary constituency for its loss of Dhuri and Malerkotla should get Raikot and Bhawanigarh Assembly constituencies.”

Further we are firmly of the opinion that Ropar Parliamentary constituency should not be thrown 'general' but should remain reserved for the scheduled castes as the scheduled caste population in this constituency is much higher than Sangrur. We have separately submitted a representation to this effect.

J.P. PANDEY, M.L.A.
HARCHARAN SINGH, M.L.A.
R.L. BHATIA, M.P.

Associate Members,
Delimitation Commission.

Dated: 18th February, 1975.

XXXVIII

I suggest that Faridkot, Ferozepur and Bhatinda constituencies (Parliamentary) should be constituted as following for making Parliamentary constituencies compact:—

Ferozepur	95.	1.	Ferozepur
	96.	2.	Feru Shahr
	97.	3.	Zira
	98.	4.	Dharamkot
	94.	5.	Guruharsahai
	99.	6.	Faridkot District—Moga
	100.	7.	Bigha Purana
	101.	8.	Nihal Singh Wala &
	102.	9.	Panj Graian.
Faridkot	104.	1.	Faridkot
	105.	2.	Muktsar
	107.	3.	Malout
	108.	4.	Lambi
	106.	5.	Gidderbaha

FEROZEPUR DISTRICT

Bhatinda	90.	6.	Dewan Khara
	91.	7.	Abohar
	92.	8.	Fazilka; &
	93.	9.	Jalalabad
	111.	1.	Bhatinda
	110.	2.	Pakka Kalan
	109.	3.	Talwandi Sabo
	112.	4.	Nathana
	113.	5.	Rampura Phul
	116.	6.	Budhlada
	115.	7.	Mansa
	117.	8.	Sardulgarh &
	103.	9.	Kot Kapura of Faridkot District.

One 114-Chauke proposed constituency of Bhatinda District should be included in Sangrur Parliamentary constituency as it is adjoining in all respects with Sangrur District so cially, economically and politically also.

I hope it would be accepted.

B. S. BHURA, M.P.,
Associate Member,
Delimitation Commission.

New Delhi,

February 12, 1975.

[282/PB/75]

By Order,

P. I. JACOB, Secy.
